The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. This publication also contains a Story County Directory, printed on white paper immediately following Numerical Telephone Directory.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Nevada is shown farther on in the Directory.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Ames is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers. A similar list for Nevada is shown farther on in the Directory.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper. A similar list for Nevada is shown farther on in the Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of more than over 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. Additions were built to telementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Mitchell & Northwood elementary schools were completed in 1970. In December 1972, the Fine Arts Wing of Ames Senior High School was dedicated. It provides outstanding facilities for art, drama, and music and is used extensively for school and community activities.

During the past twenty years ten different bond issues were successfully carried to authorize the construction of five elementary schools, additions to nine elementary schools, remodeling of junior high school facilities, a new high school, and a new junior high school. The most recent of the ten successful bond issues, the $3,900,000 issue approved in March, 1968, provided funds to build two new elementary schools, addititons to four elementary schools, an addition to the Senior High School, and an addition to the Welch Junior High School. The senior high school was constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. There were a total of 112 elementary classrooms with related facilities and 67 secondary classrooms in these construction projects.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Cashiers!

Tellers!

Clerks!

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

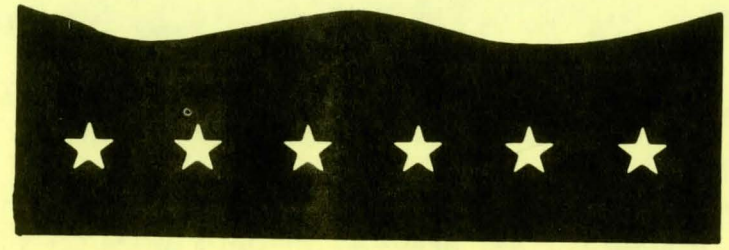

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Out of Sight--Out of Mind
☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Power of Advertising

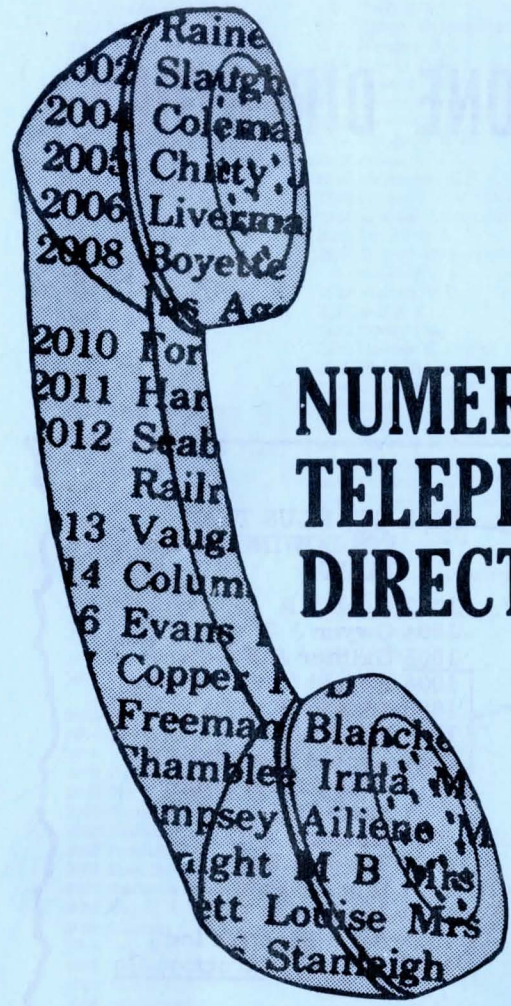

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
